# TASTE — OF THE — **ISLAND**

There's never a need to leave the resort, partly because of the award-winning "cuisine of the sun" served up at ZEST. Set apart in its own building on the edge of the cliffs is executive chef Cindy Hutson's ZEST restaurant, a savoury and fresh Caribbean experience. The chef's cuisine finds authentic influence from Hutson's life partner Delius Shirley, whose late mother Norma Shirley, was known as the Julia Child of Jamaica. Shirley continues his mother's incomparable dining legacy. Together they create world cuisine that finds its place in sea-to-table creations with a Caribbean flair. The hotel cultivates an herb garden that produces aromatic herbs such as rosemary, lemongrass, mint, parsley and basil as well as vegetables, including lettuce, cabbage, tomatoes, Scotch-bonnet peppers, and fruits – papaya and watermelon. The tempting ingredients are incorporated to create enticing menu offerings. In addition, all produce at ZEST is sourced from local farmers. The atmosphere is open-air chic or guests are invited to dine alfresco overlooking the cliffs on ZEST's outdoor, clifftop patio. ZEST serves breakfast, lunch and dinner. Or dine in. The extensive in-room dining menu is prepared with the same care and presentation found in ZEST.
